ABOUT ME

I'm a certified IT professional with CompTIA A+, Network+, and a Microsoft Solutions Expert background, combined with managerial experience and a growing skill set in web development. I build responsive websites using HTML, CSS, JavaScript, React, Tailwind, and GitHub, and I'm always looking to learn and grow in the tech space.

WORK EXPERIENCE

Feb 2022 – Present
East London, RSA

Manager
Auto Prestige

- Managed quotation system and workflow for two major East London dealerships.
- Maintained strong relationships with local dealership managers.
- Supervised team of drivers and detailers to ensure premium vehicle standards.
